

October 2026 Energy Surcharge / BCP Charges Update – Fuel Market Volatility Continues to increase fuel prices

Dear Customer,

We are writing to update you on the Energy Surcharge rates for October 2026 on our Channel, North Sea, and Irish Sea routes.

Since March 2026, global marine fuel markets have experienced significant volatility and continue to do so, with notable substantially higher costs of Marine Gas Oil (MGO) in September compared to August. These recent fuel price ongoing upward movements continue to directly impact the Fuel Surcharge component of the Energy Surcharge for October.

Our calculation methodology remains unchanged, and each component of the Energy Surcharge—Fuel Surcharge, ETS, and CO₂—continues to be calculated and updated in line with our established mechanisms. While ETS and CO₂ related costs have remained broadly stable this month, the substantial rise in MGO prices has resulted in a material increase in the Fuel Surcharge element.

The combined effect of these inputs is reflected in the October Energy Surcharge. We recognise that changes of this scale can impact your cost planning, and we remain committed to providing transparency around the underlying drivers of monthly adjustments.

Please see below our Energy Surcharges (Fuel / CO₂) and BCP charges as from 1st October 2026. All rates quoted are per unit, per shipment.

ENERGY SURCHARGE

October 2026

Rotterdam Low Sulphur Marine Gas Oil 0.1% (LSMGO)	\$ 1,365.45
Rotterdam 100% Biofuel	\$ 1,632.77
Blended fuel index USD/MT (91% MGO, 9% Biofuel)	\$ 1,388.86
VLSFO fuel index USD / MT	\$ 691.80
EUA CO2 index	€ 83.76
UKA CO2 index	£ 59.55

EUR : GBP	1.166
USD : GBP	1.352
